2016 OECD (Organization for Economic Co-operation and Development) - France – Paris

Entrepreneurship & Industrialization in Africa's Expert group member

This group brought together international practitioners and researchers. We studied strategic options aimed at maximizing the contribution of entrepreneurs to the industrialization of African countries, in order to prepare the OECD African outlook 2017 edition.

2015 OECD (Organization for Economic Co-operation and Development) - France – Paris

Statistician Consultant

An OECD fishery and aquaculture-initiated project. I worked in the Trade and Agriculture Directorate/ Natural Resource Policies Division of the OECD. I develop patents relating to fishing and aquaculture sectors databases to evaluate technological innovation. These patents data can be interpreted as an indicator of inventive activity and help decision makers to identify the strengths and weaknesses of national or regional innovation systems.
