Dear Colleague This is a short note to remind you that the International Conference on Computational Finance and its Applications is to take place from 21 - 23 April 2004 in Bologna, Italy. I am currently preparing the programme for the conference and do hope that you can participate. This successful conference has attracted the interest of many of our colleagues around the world and continues to the international scientific community through the subsequent distribution of the conference book and the permanent archive of conference papers in the WIT eLibrary on our website. If you wish to present a paper, I will need to receive your abstract now so that we can incorporate your work into the conference programme. At this stage, I only need a short abstract (200 words or so) plus the title of the paper and name(s) of the author(s) with affiliation(s) and full particulars of the corresponding author. Please note that the paper deadline is 25th February 2004, however if you need any additional time please contact me or the Conference Secretariat, Katie Banham, Tel: 44 (0) 238 029 3223. For further information about the conference, you can visit: <http://www.wessex.ac.uk/conferences/2004/finance04/index.html> I hope to hear from you shortly. Yours sincerely
