Web Page : <http://isne2007.googlepages.com>

The Irish Society of New Economists (ISNE) will host its fourth annual conference at the UCD Geary Institute on the 7th September 2007. The conference is intended to provide a forum for new economists (in post-graduate research programs or private/public sectors) to present papers from any area of economics. This forum is intended for anybody who is in the early stages of their career in economics – eligibility to present has nothing to do with age. Potential participants should submit a title and 100-word description of their topic by e-mail to Liam Delaney (Liam.Delaney@ucd.ie). The closing date is Friday 27th July 2007. Full details of the conference programme (and further information) will be posted on this website as they become available. Submissions will receive a response in the first week of August.
