### Conference Announcement

#### The Sixth Asian General Equilibrium Theory Workshop

Location : Waseda University

Organizers : Ryo Nagata (chair of the local organizational committee)

Major Topics : general equilibrium theory finance dynamics decision theory game theory.

Conference Dates : 7/31/2009 to 7/31/2009

Submission Deadline : 5/15/2009

Send Submissions To : Papers should be submitted by email (in pdf or ps format) before May 15, 2009 to the following address: [geta2009@kier.kyoto-u.ac.jp](mailto:geta2009@kier.kyoto-u.ac.jp) The message, whose subject should be "GETA2009 submission", should contain the following information: - The name, affiliation, and the contact email address(es) of the person who wish to present the paper. - The title of the paper. - Whether or not a financial support is needed: a limited supply of financial support is available, which covers the local expenses during the workshop and up to the half of the international airfare.

Sponsoring Organizations : Global COE Program "GLOPE2 - Political Economy of Institutional Construction, Waseda University"

**Introduction:** The 6th General Equilibrium Theory workshop, Asia (GETA2009) will take place in Waseda University, Tokyo, Japan, on July 31 - August 1, 2009. The workshop is to provide an opportunity for researchers getting together, exchanging ideas and presenting their latest research developments in general equilibrium theory and related fields in economic theory, such as decision theory and game theory. The program consists of primarily contributed papers. Young researchers are especially encouraged to submit their papers. Papers on general equilibrium theory presented in GETA are eligible for an annual special issue in the Journal of Mathematical Economics.

**Acknowledgement:** The 6th General Equilibrium Theory workshop, Asia (GETA2009) is financially supported by Global COE Program "GLOPE 2 - Political Economy of Institutional Construction, Waseda University".
